“Keeping the Public Informed”

Lower Township Officials feel it’s important to keep residents informed during Emergencies Situations, and with non-emergency updates. Recently residents received ongoing updates during “Super Storm Sandy”, and in the past other emergency weather situations like a major snow storm. We also want to keep our residents informed of our leaf and branch pick up schedules that is currently going on.

These phone calls go to all homes that that have the tradition hard line phones. If you would like to have your cell phone receive these updates, please call my office at 609-886-2005 ext. 132.
