All in agreement/Approved

New Business: No new business

Old Business:

- 1) Pool discussion: Rob is still working on getting info. He is condensing reports from other municipalities and incorporating Lower Township demographics/statistics.
- 2) Soccer field update: Possible land donation being considered. Still some loose ends that need to be secured including an access road to reach property and subdivision. Bennett property not as easy. Current lease through 2021. Township would like to acquire land (not being used now) east of existing playing fields and hockey rink. State would want a 3:1 swap. Possibly include in next lease renewal.

- 3) Playful City: David and Peter Ford have worked hard on this project. RAB appreciate their efforts. At this point, David reports the application is about complete. Final edits and expect to submit this week.
