**NOTICE OF PUBLIC INFORMATION CENTER FOR
SEASHORE ROAD (C.R. 626) RESURFACING IMPROVEMENTS PHASE 2
BREAKWATER ROAD (CR 613) TO TABERNACLE ROAD (CR 647)
TOWNSHIP OF LOWER**

The County of Cape May County will be hosting a Public Information Center (PIC) on May 28, 2025 between the hours of 4:00pm to 6:00pm at the County Administration Building, Commissioners Meeting Room, located at 4 Moore Road, Cape May Court House. The purpose of the PIC is to discuss a planned resurfacing project of Seashore Road (CR 626) in the Township of Lower. The PIC is a required public outreach since the project will be receiving Federal construction funds.

The resurfacing of Seashore Road will occur in three phases, the project limits for the first phase will extend from Route 47 to Breakwater Road (CR 613). That phase is scheduled to begin construction in the fall of 2025 and a previous PIC was held to discuss the details of that phase. This PIC is primarily intended to address the Phase 2 portion of the project. There will be one final PIC meeting to address the phase 3 portion of the project in the spring of 2026.

The Phase 2 project scope includes milling the existing paving to a depth of 5" and installing a new paving surface. The roadway footprint will not be expanded and there will be no major changes to the roadway elevations. Additional ADA sidewalk improvements are planned as are minor drainage upgrades and pedestrian enhancements. During the public information meeting, plans of the proposed project will be available for review and professionals will be on hand to answer any questions raised by the public. Plans of the proposed Phase 2 work will also be available on the Lower Township web site to view prior to, and after the meeting.
