Re: Recommendation regarding Bid Results for the
Phase II Improvements at the Judge Nathaniel Foster House
Funded by the New Jersey Historic Trust (Proj. #2024.1030), and the Township of Lower

Dear Bob,

I was present at the opening of bid proposals earlier this week for the above captioned project. Accordingly, I have prepared the attached 2-page summary. Bids were received from the two bidders who were pre-qualified, as required by NJHT – DKC Contracting, LLC of Rio Grande, NJ and Dell-Tech, Inc. of Trenton, NJ

The low base bid from DKC Contracting of \$92,135 is well below the \$178,690.87 available for construction. While the base bid of \$184,700.00 from Dell-Tech, exceeds the available amount by \$6,009.13. Moreover, DKC's base bid with all three Alternate items raises their adjusted bid proposal amount to \$169,035.00, a figure still within budget.

The magnitude of difference between the bids from DKC and Dell-Tech is worthy of further analysis. DKC has the advantage of being much closer to the job site. Their overall operation appears to be much smaller than Dell-Tech, which would result in lower overhead. My direct experience with Dell-Tech is that once they pre-qualify to bid a project, they never fail to follow through with a bid submission.

Assuming that all of their required paperwork is satisfactory, I recommend that the contract for construction (base bid and all three alternates) be awarded to DKC Contracting, LLC for \$169,035.00. I would be happy to answer any questions the Township may have.

Sincerely,

A handwritten signature in black ink, appearing to read "Michael Calafati".

DECLARATION OF ENCUMBRANCE

This Declaration of Encumbrance is made this 3rd day of August, 2026, by the Township of Lower, Cape May County, ("Local Government Unit"), whose mailing address is 2600 Bayshore Road, Villas, New Jersey 08251.

The Local Government Unit makes this Declaration in consideration of the State of New Jersey, Department of Environmental Protection, Green Acres Program's agreement to provide funding in connection with:

Jake's Law Playground at Rotary Park
Project # 0505-25-025
As approved on April 25, 2025

The attached exhibit to this Declaration is labeled "Recreation and Open Space Inventory," comprising 9 pages. This exhibit is incorporated into, and forms a part of this Declaration.

The Local Government Unit represents and warrants (a) that all lands described in the exhibit attached to this Declaration are held by it for recreation and conservation purposes, and (b) in accordance with the Green Acres Laws, covenants, agrees, and declares that all lands described on the exhibit attached to this Declaration are subject to the covenants, restrictions, and conditions described in the Green Acres Laws, and further agrees that:

1. The Local Government Unit shall not dispose of or divert to a use for other than recreation and conservation purposes any lands described in the exhibit attached to this Declaration without the approval of the Commissioner and State House Commission.
2. Should lands held by the Local Government Unit for recreation or conservation purposes be, by mistake or inadvertence, omitted from the exhibit attached to this Declaration, such lands shall be subject to the terms and conditions of this Declaration to the same extent as though they had been included.

**EXHIBIT 1 to DECLARATION
RECREATION AND OPEN SPACE INVENTORY**

The Recreation and Open Space Inventory (ROSI) is a document compiled by a local government unit as a master list of its Green Acres-restricted lands (known as "parkland" under the Green Acres rules N.J.A.C. 7:36). Lands that are subject to Green Acres restrictions cannot be disposed of, or diverted to a use other than recreation or conservation purposes, without the approval of the DEP Commissioner and the State House Commission. The Declaration of Encumbrance, including the ROSI, is recorded with the appropriate county clerk as a condition of the Green Acres funding contract in order to provide notice of the Green Acres restrictions on these lands to title searchers and the general public.

LANDS THAT SHOULD BE LISTED ON THE ROSI

Green Acres-restricted lands fall into two categories: funded parkland (lands included in the acquisition or park development projects funded by the Green Acres Program) and unfunded parkland (other lands held by the local government unit for recreation or conservation purposes at the time it received Green Acres funding). All funded and unfunded parkland parcels must be listed on the ROSI.

Lands owned by school boards, parking authorities, housing authorities, and similar public agencies without primary recreation or conservation responsibilities should not be inventoried unless they are also held for recreation and conservation purposes by the Local Government Unit. (e.g., through a lease, easement, use agreement or other agreement to which the Local Government Unit is a grantee.)

The ROSI should be compiled by a staff person who is knowledgeable about the local government unit's land holdings, uses of the land holdings and local land use regulations. The Local Government Units' planning board, environmental commission and other boards or commissions are encouraged to participate in the preparation and review of the ROSI.

The ROSI form is divided into three sections: Page 4, for land held in fee simple for recreation and conservation purposes; Page 5, for land held under a conservation restriction; and Page 6, for leases or use agreements held by the Local Government Unit for recreation and conservation purposes. Please review the Sample ROSI Sheets tab before completing the ROSI.

WHEN PREPARING AND SUBMITTING THE ROSI, please take note of the following:

The page number and the total number of pages in the completed ROSI must be entered at the top right corner of each page. **All pages, excluding the Sample ROSI Sheet, must be submitted.** Facility Names should be typed in all capital letters when filling out the three sections. All fields in each section should be filled in - including the acreage for each individual lot (do not submit the total acreage for the park). If there have been block and lot changes (consolidation / renumbering) since the last ROSI submission, please complete the last page of this document.

ROSI TAX MAPS

As an attachment to the ROSI, the local government unit should submit a copy of each appropriate municipal tax map (current as of the date of the Green Acres application) showing the parcels of parkland listed on the ROSI, with the approximate boundaries of each parcel clearly marked in colored ink. (See N.J.A.C. 7:36-6.4(a)3ii or 12.4(a)4ii). If only a portion of a current tax lot is encumbered, the Green Acres-encumbered portion of the parcel should be clearly delineated, to scale, on the tax map. The Green Acres Program encourages local government units with Geographic Information System ("GIS") capability to utilize aerial maps (overlaid with digitized tax map lines) instead of photocopies of the tax map. If aerial maps are used, the local government unit should submit paper copies of the GIS-based maps to the Green Acres Program and should include with its submission a disk containing the mapping information in a **shapefile** format.

Form Specific Instructions

For parcels held in fee simple or in conservation restriction (easement), please provide the following: (1) location (as listed in the municipality's tax records), (2) name of park/facility, (3) block and lot identification numbers as shown on the current, official tax map, (4) the acreage for each individual lot, (5) whether the interest held by the local government unit for recreation or conservation covers the full or only a portion of the tax lot, (6) if partial lots are involved, the Green Acres encumbered acreage, (7) if the property is co-owned with other partners, (8) a notation of whether the property is subject to a conservation easement funded by the Environmental Infrastructure Funding Program (EIFP), and (9) a notation about whether the parcel is funded or unfunded parkland.

For parcels held through a lease or use agreement, please provide the following: (1) location (as listed in the municipality's tax records), (2) name of park/facility, (3) block and lot identification numbers as shown on the current, official tax map, (4) the acreage for each individual lot, (5) whether the interest held by the local government unit for recreation or conservation covers the full or only a portion of the tax lot, (6) if partial lots are involved, the Green Acres encumbered acreage, (7) the expiration date for the lease or use agreement, (8) the name of the underlying landowner, and (9) a notation about whether any of the recreation and conservation facilities on the encumbered property were funded by Green Acres or whether the leasehold interest is considered unfunded parkland.

Certification

If the local government unit is a municipality, the completed ROSI must be reviewed and duly executed and certified by the chief executive officer and the planning board chairperson. If the local unit is a county, the completed ROSI must be reviewed and duly executed and certified by the chief executive officer and one of the following: the parks director, or the director of the open space program. (See N.J.A.C. 7:36-6.5(a)2) *If the Local Unit's form of government does not allow for the Mayor to sign without a resolution from the governing body, please include the number and date of the resolution along with a copy of the passed resolution.*

Special Notes

1. This ROSI, as completed and duly executed, shall be incorporated into both (1) the Green Acres Project Agreement and (2) the Declaration of Encumbrance.
2. The Local Government Units' governing body and planning board should designate, with appropriate descriptive labels, all lands listed on this ROSI in any revision or update of the following master plan elements: recreation plan, conservation plan, and land use plan. However, failure to do so shall have no effect on the validity of the ROSI.
3. If lands held by the Local Government Unit for recreation and conservation purposes are omitted from the ROSI by mistake, inadvertence, or otherwise, such lands shall be subject to the same terms and conditions, covenants, and restrictions as they would be if they were included. Deletion or omission of lands listed on previously submitted ROSI's is prohibited without prior written approval of the Green Acres Program, and may require a public hearing. See N.J.A.C. 7:36-25.3.

Please check the Green Acres web site at <http://www.nj.gov/dep/greenacres/pdflaunch.html> for an updated version of this ROSI form prior to completion.

All pages of the ROSI must be electronically submitted with the completed original Certification page (page 7) mailed to the Project Manager's attention. Only pages 1 through 3, page 7, and those pages containing property information need to be included in the Declaration of Encumbrance that is sent for recording.
